ABOUT ME

B2B content marketing specialist focused on LinkedIn, helping companies build engagement and grow their communities organically.

Founder of WITHDATA, an IT consulting firm that develops automation and integration solutions built on data infrastructure. Currently expanding my knowledge of Business Intelligence and data engineering, including SQL, ETL, and data warehousing.

WORK EXPERIENCE

• Content & LinkedIn Strategy

Freelance | B2B Clients | 2023–Present

- Manage LinkedIn content and strategy for Chutrau S.A.C.I.F., a pharmaceutical and chemical industry company.
- Generated approximately 400,000 impressions in one month for Chutrau S.A.C.I.F., representing a 38% increase compared with the previous period.
- Achieved more than 3,500 content reactions.
- Gained 855 new followers in 30 days, increasing the company page's audience by 21% to 2,440 followers within a niche industry.
- Developed an organic content strategy focused on the medtech and pharmaceutical sectors, without paid advertising.

• Founder · WITHDATA

2026–Present

- Founded an IT consulting firm that develops automation and integration tools built on data infrastructure.
- Currently developing a custom solution for a client to address specific operational needs.
- Developed a predictive forecasting model and a natural-language querying platform that transforms business data into charts and tables to support decision-making.
